BISSEN FAMILY

The board of directors of the Young Men's Christian Association met at half-past four yesterday afternoon at the association building to discuss the matter of providing a fund for the widow of Henry Bissen, who was killed by falling from the roof of the new building Saturday while working on the concrete forms. President Trent presided. Frank Atherton presented the case of the widow and four children, and suggested that a fund be raised by popular subscription. One of the members present proposed to start the fund at once, and began with \$25. In a few minutes over \$100 was subscribed, and the fund was well on its way. It was voted to appoint R. H. Trent, F. C. Atherton and Paul Super a committee to take subscriptions.

**"Every One

I Had  
Consumption.  
Pe-ru-na  
Saved Me."**

"I THANK  
DR. HARTMAN  
FOR PE-RU-NA."

MRS. MOIE PARIZEAU.

"I hardly know how to thank you for the good Peruna has done me.

"I suffered five years with pain in the stomach. About a year ago it became so bad I could hardly bear it. I coughed day and night and grew weaker and weaker. The pain extended through my body and I also had difficulty in breathing, which made me cough. Everyone thought I had consumption.

"My husband heard of Peruna and bought five bottles. This treatment virtually cured me and now I recommend Peruna to every one who is suffering.

"I thank Dr. Hartman for this excellent remedy."

Ste. Julie de Vercheres, P. Q., Canada.

—Mrs. Moie Parizeau.

A NEGLECTED cold is generally the first cause of catarrh.

Women are especially liable to colds. These colds occur more frequently during the wet, sloppy weather of winter and spring than any other time of the year. Often they are not considered serious and are allowed to run on, or they

are treated in such a way as to only palliate the symptoms, while the cold becomes more deep-seated and the patient finally awakens to the fact that she has a well-developed case of catarrh.

By reason of their delicate structure, the lungs are frequently the seat of a cold, especially if there is the slightest weakness of these organs. The treatment of catarrh of the lungs is also more difficult and discouraging than catarrh of any other organ of the body.

It would be wise therefore, to guard against it by every precaution possible.

Peruna has been found the most reliable of all remedies for coughs, colds and catarrh, by reason of the fact that it goes at once to the very seat of the trouble.

It searches out every crevice, every duct of the body. It quickens and equalizes the circulation of the blood, thus relieving the congested mucous membranes. It exercises a healing and soothing effect upon the mucous membranes, no matter whether they are the more exposed membranes of the head and throat, or whether they line the remotest cells of the lungs.

Mrs. Jaschob, 1331 Hicks St., Toledo, Ohio, U. S. A., writes:

"When I wrote to you for advice, I had been sick for three years. I had trouble with my throat. Often I could not breathe through my nose. I also had pains in my chest and a cough. I took Peruna according to directions and it has cured me."

**One Primary Bill  
Still Has a Chance**

In the Senate today House bill 221, Representative Towse's primary bill, passed second reading.

The select Oahu committee reported that:

"The bill is not as elaborate nor as full in its provisions as the one first introduced in the House and killed in the Senate. As one of the planks of the Republican party promised the passage of a primary bill, and as

Representative Towse has confidence that the bill under consideration will fulfill the pledge in respect to a primary bill, and claims it will prevent all improper proceedings and clarify, as it were, actions heretofore had and done at previous primaries that were not as proper as they should have been, and if possible, keep the game of politics above board and free from scandal, we recommend that the Senate pass the act."

**OVERRODE THE  
CUMMINS VETO SUICIDE AT  
WAHIAWA CAMP**

Governor Frear's veto of the Cummins relief bill was overridden in the House this morning by 21 to 9, the vote to pass the bill notwithstanding the veto being as follows:

Ayes—Castle, Coney, Correa, Fernandez, Hale, Holstein, Huddy, Kamanoula, Kawewehi, Long, Mahoe, Makekau, Marcellino, Moanauhi, Rice, Rickard, Sheldon, Towse, Waiaholo, Watkins, Yates—21.

Noes—Affonso, Archer, Cockett, Cooke, Kanekoa, Kawaakoa, Kellinoh, Tavares, Williamson—9.

Senate Also Overrides.

The Governor's veto of the John Cummins \$5,000 revolutionary fine refund bill was also overridden in the Senate this morning by a vote of ten to three. The House also having overridden the veto, Cummins wins.

The vote to override was: Baker, Cecil Brown, J. T. Brown, Chillingworth, Kalelopu, Makekau, Pail, Quinn, Robinson, Knudsen.

Against overriding: Judd, Hewitt, Kalama.

First-class Private John F. Carroll, Company G, Engineers, stationed with the detachment at Wahiawa, committed suicide yesterday in his quarters by shooting himself in the head with his Springfield rifle. Several of his comrades had been speaking to him a few moments before the tragedy, and the next thing they heard the crack of the rifle. No one could advance any reason for the act. The previous day Carroll had been sent from the sub-camp at Wahiawa suffering from nervous prostration.

Although still in great pain he is on the way to recovery, and hopes soon to be out. He is due to leave for the Coast in charge of his vessel on Sunday next.
